REASONS FOR ALLOWANCE

This is written in reference to application number 09/712182 filed on November 15, 2000.

Response to Amendment

1. Claims 7-8 have been cancelled. Claims 1-6 and 9-18 are currently pending.

Request for Continued Examination (RCE)

2. The request filed on May 24, 2004 for a Request for Continued Examination (RCE) under 37 CFR 1.53(d) based on parent Application No. 09/712182 is acceptable and a RCE has been established. An action on the RCE follows.

Oath/Declaration

3. The examiner acknowledges the declaration submitted pursuant to 37 CFR 1.132 by inventor Yasuo Tsubai on May 24, 2004.

Allowable Subject Matter

4. Claims 1-6 and 9-18 are allowed.
5. The following is an examiner's statement of reasons for allowance: the amendment to instant claim 1 to require that the light sensitive material is peeled off by bringing the claimed peeling means into close contact with the light sensitive material for a contacting time within 3 seconds is sufficient to overcome the rejection of record. Coppens et al. (US 5273858) fails to anticipate such a time requirement. One of ordinary skill in the art would not have been motivated nor would it have been obvious to limit the contact time of the taught peeling means to within 3 seconds. Furthermore, one of ordinary skill in the art would not expect the taught invention of Coppens to be uniformly and completely removed within such a short period of time without the use of a washing solution.
6. The claimed invention is therefore deemed allowable.

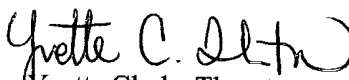

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
